Converting your flat peyote band into a bracelet

I started using this method of finishing and attaching a clasp when I had requests to change an existing clasp that was stitched onto the band – a time consuming job that meant redoing some of the bracelet's stitching.

Stitch your peyote band until it just measures your wrist size. Ease will be included when finishing and adding the clasp.

Create a loop at both ends of the band:

Weave your working thread back through the band and exit at one of the centre-most beads. Add seven cylinder beads in the appropriate colour and stitch back through an adjacent upper bead (*figure 1*).

Figure 1

Snug up the beads. Follow the thread circle two more times to secure the bead ring. Weave the working thread into the band and trim (*figure 2*).

Repeat above steps on other end of the peyote band so that a bead ring is created at both ends.

Figure 2

Attach a clasp to the bead rings

Use a jump ring to attach the loop end of a toggle clasp to one end of the peyote band.

Use a jump ring to attach a 3-link length of small link chain. Use a second jump ring to attach the other end of the chain to the bar end of the toggle clasp. You can adjust the length of chain to perfectly fit your bracelet.
